CF 850 Refrigerator

Portable Mobile Insulated Refrigerator

CF 850

Ideal for transport of food, flowers, medical supplies, and other temperature-sensitive products, the 29.3 cu. ft. CF 850 refrigerator can be mounted inside a truck or van. Use the digital controls to set the temperature between 32°F and 54°F. With a pre-cooled load, the refrigerator's integrated battery enables eight hours of operation without any power supply (at an ambient temperature of 77°F).

Interior wire shelves can be arranged to suit the contents of your load, and the powerful multi-LED lighting system provides optimal illumination to find what you need.

The CF 850 refrigerator can be installed and removed without any tools. The provided belt set enables quick and safe anchoring, and the robust cabinet is nearly impervious to external damage.

Safety features include an optical temperature alarm system, a double-magnet door seal, and a door lock that can be opened from inside.

Key Benefits

- 29.3 cu. ft. capacity refrigerator.
- Powerful Danfoss compressor.
- Digital temperature display.
- Quick installing and removing without any tools.
- Unit is easily secured and released by the included belting system.
- The integrated battery provides up to 8 hours of cooling.*
- Adjustable wire shelves.
- Durable PE cabinet resists external damage.
- Energy-efficient air circulation system achieves optimal temperature distribution.
- Precise set-point temperature.
- Optical alarm reports any deviation in the set-point temperature.
- Double-magnet sealing system in door.
- Interior multi-LED lighting.
- Door lock can be opened from inside.
- Crash tested according to ECE R80.

* At ambient temperature of 77°F with a pre-cooled load. Battery charger is included.

Technical Specifications for CF 850 Refrigerator

| Model | Gross Capacity | Voltage | Power | Temp. Class | Dimensions (in/mm) | | | Weight |
|--------|----------------|-------------------------|----------------|-------------|--------------------|------------|------------|----------|
| | | | | | Height | Width | Depth | |
| CF 850 | 29.3 cu. ft. | 120V AC, 60Hz 12V DC | Max. 360 Watts | SN/T | 39.37/1000 | 43.31/1100 | 55.12/1400 | 350 Lbs. |

The CF 850 digital display features precise set-point temperature control.

Powerful multi-LED interior light.

The CF 850 has a durable PE cabinet to resist external damage. The wire shelves are adjustable.
